DNYANSHODH (Search for Knowledge)-2023

Aim: The aim of activity is to provide a common platform for Ph.D. research scholars to present their research work and interact with the experts that fortify them with training and learning.

Background: Higher education is a powerful tool for building a knowledge-based society of 21st Century. The quality of higher education is dependent on the research input and the academic environment for promotion of research. With this belief, one of the important ways is to strengthen the Ph.D. Program. The US and China produce around 10000-12000 Ph.Ds. in engineering and technology annually, while in India the corresponding number is around 1200. We need a large-scale increase in the number of Ph.Ds. coming out of Medical Universities and that too around medical technologies with innovations. The convergence of engineering and medical sciences is a hot topic discussed globally now-a-days. The D. Y. Patil Education Society, Deemed to be University, Kolhapur is one of the leading medical universities in India, recognized and got reaccredited with 'A' grade by NAAC, Bangalore. The University has taken lead in strengthening the Ph.D. program by establishing the "Centre for Interdisciplinary Studies" with the thrust on Nanotechnology. Intervention of nanotechnology with medical science and technology creates new hopes and opportunities of innovations as evident by number of patents granted to this university in last two years. At present there are 100 full time research scholars working for their Ph.D. degree.

DNYANSHODH (Search for Knowledge)

Centre for Interdisciplinary Studies of D. Y. Patil Education Society, Deemed to be University, Kolhapur plans to organize Dnyanshodh activity consists of mainly on research in terms of:

- Presentation of Research work by Ph.D. students (Posters)/Oral
- Orientation lecture by Eminent faculty

Research scholars will be asked to submit their work in the form of one page abstract and some will be presented in the form of poster. The committee will finalize best candidate and will be felicitated with **DNYANSHODH (Search for Knowledge)** award. The guidelines of selection criteria will be designed by the committee.

The event will be also open for the all faculty members of the University and Medical College to attend. The event will provide lectures from experienced speakers on common subject of research and analytical thinking including motivation.

Mayakannan, coordinator, R & D, CIR concluded the inauguration function with vote of thanks.

The workshop featured a diverse range of scientific sessions focusing on basics of research and statistical tools for research. The scientific session was started on topic of “IPR Policy 2016” by Hon’ble Vice Chancellor, Prof. Dr. Rakesh K Mudgal. Followed by two talks on “Indian Patent Filling” and “Measures of Research Excellence” by Prof. C. D. Lokhande, Research Director, CIR. Prof. C. D. Lokhande Sir explained in details about the basics of patent filing, and what can bet patent, what cannot be, how to patent in India and foreign countries. Also sir clearly described the various measures of Research excellence.

We are thankful to Dr. V.V. Bhosale, Registrar, Mr. A Narayanswami, FO for support, encouragement and hour to hour guidance. Last, but not the least, due to the efforts of IQAC, Research Guidance Cell members and CIR staff the workshop has turned to be a grand success.

Subject: Financial assistance for organizing "Research Methodology Workshop on 01st to 14th February 2023".

Sir,

With reference to your letter dated 13.01.2023 on the subject mentioned above, I am pleased to inform you that, University has sanctioned financial assistance Rs.59, 500/- (total Rs. Fifty nine thousand five hundred only) for organizing "Research Methodology Workshop on 01st to 14th February 2023".

In this regard, I am directed to inform you to provide following information/documents after the activity is over

1. Brochure – Hard and soft copy
2. List of speakers with designation and affiliation and their topic
3. List of delegates with affiliation
4. Feedback of delegates
5. Please state, if there is any collaboration with pharma/professional association/industry with name.

With regards,

Yours Faithfully,

Registrar

As per study conducted by Stanford University, USA and published in PLOS biology on October 16, 2020, Prof.

C. D. Lokhande sir has been ranked as top scientist in the India and 186th in the world (Applied Physics)

As per Journal of information and Technology Vol. 32, 2012, pp. 477- 481", Prof Lokhande ranked 11th in the list of most productive scientist in Materials science (2000-2010) in India. He ranked second in the Average citation per article, after Prof. C N R Rao and ranked 4th in „H²” index.

As per, “Recent Research in Science and Technology 2011, 3(10): 112-117”, Prof Lokhande has been ranked 11th in the publication on solar energy research in India during the period 1999-2011.

Achievements: Awards and Honors

1) SERB-TETRA, Science and Engineering Research Board, Government of India, New Delhi.

2) Brand Kolhapur award 2020

3) Fellow, Maharashtra Academy of Sciences (2012).

4) Member, Research project evaluation and recommendation committee, UGC, New Delhi, (2012).

5) Expert member, DST Committee on Hydrogen production (2012).

6) Distinguished visiting professor in polymer chemistry, Institute of Chemical Technology, Mumbai (2012).

7) Best teacher award 2010, Shivaji University.

8) Rajya Sikshak Purshakar-2009, Govt of Maharashtra.

- 9) Visiting Scientist: Brain Pool programme, South Korea (2003-04, 2008-09), (First recipient in Shivaji University).
- 10) Alexander Von-Humboldt Fellowship: Germany (1996-1998, 1998, 2000, 2001) (Most prestigious fellowship in the world, First recipient in Shivaji University).
- 11) Visiting Professor: Hanyang University, South Korea (2006)
- 12) Research Associateship: Kwansai Gakuen University, Japan (1994)
- 13) Visiting Scientist: Indo-Polish culture Exchange Programme, Poland (1991-92)

Short CV of Dr. V. M. Khot

Dr. Vishwajeet Khot is currently working as a Assistant Professor at Department of Medical Physics, D Y Patil Education Society (Institution Deemed to be University), India. He has authored/co-authored 30+ research publications including two review articles, several book chapters in peer review journals/books. These research articles have received more than 1700 citations with h- Index of 25. His current research interests include designing of multifunctional nanomedicine for application in cancer nanotechnology.

He has more than 10 years of research experience in the field of nanomaterials. During these years, he has received many prestigious fellowships in India as well as at International level such as Junior Research Fellowship from Board of Research in Nuclear Science (BRNS) India, Senior Research Fellowship from Council of Scientific and Industrial Research India, Dr. D. S. Kothari Postdoctoral Fellowship from University Grant Commission's, India and prestigious Post-doctoral Fellowship by Engineering and Physical Research Scientific Council, United Kngdom to work at University College London, UK. He has delivered number of expert lecture in national and international conference.

9. Radiation Protection Survey.
10. Cobalt Manual Calculation.

Workshop and Conference: Conference of Association of Medical Physicist of India (AMPICON), Pravara medical college, Loni.

Short CV of Mrs. Manjiri Desai

Mrs. MANJIRI DESAI

Organized and professional, successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals. Worked as Assistant Professor in Statistics for over 27 years. Working as Head of Medical Record Department since last 17 years. Have been guiding for data analysis to PhD, PG and UG students.

Work Experience

Head of Medical Record Department Jun 2003 - Present
D.Y.Patil Medical College, Hospital and Research Institute, Kolhapur, Maharashtra., Kolhapur.

- Participated in continuous improvement by generating suggestions, engaging in problem-solving activities to support teamwork.
- Exceeded goals through effective task prioritization and great work ethics.
- Served customers in a friendly, effective manner following outlined steps of service.
- Offered friendly and efficient service to all customers, handled challenging situations with ease.
- Used critical thinking to break down problems, evaluate solutions and make decisions.
- Performed duties in accordance with all applicable standards, policies and regulatory guidelines to promote safe working environment.
- Handled all the data records and performed data analysis using SPSS software.

Assistant Professor Aug 1994 - Present
D.Y.Patil Medical College, Kolhapur, Maharashtra., Kolhapur.

- Helped struggling students by providing support outside of classrooms and consistently checking in on progress.
- Established research agenda in Statistical data analysis field to publish in multidisciplinary journals.
- Built strong rapport with students through class discussions and academic advisement.
- Contributed to planning appropriate and engaging lessons for both classroom and distance learning applications.

Education and Qualifications

Master of Science: Statistics Jun 1988 - May 1990

2002 M.Sc., Chemistry 65.75 % Shivaji University, Kolhapur
2000 B.Sc., Chemistry 66.76 % Shivaji University, Kolhapur

Research Specialization

- ✚ Synthesis of zeolites, oxides, battery materials and their structure solution from powder XRD data.
- ✚ Diffusion dynamics using Neutron scattering techniques (QNS and NSE).
- ✚ Fabrication of environment friendly building materials e.g.; durable pigments like maya blue, zeolite
- ✚ based geopolymer cement etc.
- ✚ In-operando structural studies of battery electrode materials using in-operando XRD and XAS.

Teaching Experience

- ✚ U.G.: Nil
- ✚ P.G.: 3 years.

Research Guidance

- ✚ M.Sc. Projects : 6
- ✚ M.Phil/Ph.d. : Nil.

Fellowships/Post-Doctoral

- ✚ **April 2003-September 2008: Junior/Senior Research Fellowship for Ph.D.**
Worked for the Ph.D. degree in the Catalysis Division, National Chemical Laboratory, under the guidance of Dr. (Mrs) Veda Ramaswamy for thesis entitled “**Structural studies of silicalite and metallosilicate molecular sieves of MFI type using non-ambient powder X-ray diffraction technique**”.
- ✚ **October, 2008-September 2009 : CNRS Post-Doctoral Fellowship:**
Worked as Post-Doctoral (CNRS) Fellow in the Department: Condensed Matter, Materials and Functions, Institut NEEL, Grenoble, France, on the project entitled, “**Study of hybrid materials by quasi-elastic neutron scattering**” in the group of Dr. Eric Dooryhee.

✚ **April, 2010 to April 2011: Post-Doctoral Research Fellowship:**
Worked as Post-doctoral Research associate to work in the field of environmental sciences and catalysis, under the guidance of Prof. S.B. Hong on the project entitled, “**Structure solution of novel zeolites from powder diffraction data**” at Pohang University of Science and Technology, Pohang, South Korea.

✚ **March, 2015 to March 2016: Research Professor (Post-Doctoral)**
Worked on Advanced characterization of Energy storage materials especially for rechargeable battery applications at Dongguk University, Seoul, South Korea.

Memberships/Other Charge

Active member of International Centre for Diffraction Data (**ICDD**), Newton Square, PA, USA. 07/09/2017 2

Honors/Rewards

✚ Awarded **Junior Research Fellowship (UGC)** through NET Examination by Council for Scientific and Industrial Research, Govt. of India, New Delhi (June 2002).

✚ Qualified for **State Eligibility Test for lectureship (SET)** in chemical sciences conducted by University of Pune, (Held on Aug, 2002).

✚ Worked as **Expert Evaluator for the Research Proposal evaluation funded by the Romanian Government** through the **National Council for Scientific Research**.

Courses/Orientation programs

✚ Completed one month DST sponsored Orientation Programme for Research Scholars at Cochin university of Science & technology, Kochi, Kerala during 6-29 October 2003 on basic concept of catalysis, chemistry of catalysis preparation, catalysis in petroleum refining, Green chemistry, characterization by various spectroscopic techniques.

✚ Completed six-month course at National Chemical Laboratory, India 2004-2005 on various catalyst fundamentals and basic concept in catalysis.

✚ Completed one-month course on ‘Higher European Research Course for Users of Large Experimental Systems’ at Grenoble, France 2009 in the field of **Neutron and Synchrotron Radiation Spectroscopies** (Chemistry, Materials Science, Industrial applications).

Teaching experience: 37 yrs – Senior College (1981-2018)

Books written: Electrochromism in transition metal oxides

Publisher: Lambert Academic Publishing, Germany, ISBN 978-3-8443-3487-6.

Research Field: Energy Harvesting, Storage & Conservation.

Research Projects:

1. UGC Major- Co-investigator (2009-2012): Multicolored organic EC materials.

2. UGC Major- Principal Investigator (2013-2016):

Integrated device for energy- harvesting, storage and conservation

Research contribution: Papers published: Journals: 18, Conferences: 20

Citation Index: 825, h- index: 11, i-10 index: 13 as on - Jan - 2021

No. of Ph.D. students: 1_awarded.

1. SPP University,PUNE. M.Sc.

2. AFPI, Kolhapur- NDA - Physics.

3. Vivekanand College Kolhapur- M. Sc.

4. DYPU, Kolhapur – Allied Health Sciences.

- Social contribution: More than 250+ invited talks delivered to enhance scientific temperament & Morality of the students and teachers.

My Belief- Scientific Attitude & Moral Capabilities inculcated through Quality Education can resolve all Socioeconomic Challenges.

INVITED TALKS...

1. FOUNDATION OF SCIENCE AND TECHNOLOGY
2. QUEST for TRUTH.
3. FUNDAMENTALS – SCIENCE of LEARNING
4. UNIVERSE: STORY OF MATTER & ENERGY
5. FASCINATING NANO / QUANTUM WORLD
6. BEAUTY of CREATION & RESEARCH
7. QUALITY EDUCATION – the CORE PREMISE
8. WORKSHOP - MORAL LEADERSHIP.

Short CV of Dr. Meghnad G Joshi

Ph.D. from department of Zoology, Shivaji University, Kolhapur, India in 2006. He Joined Karolinska Institute, Sweden as Postdoctoral fellow in 2007-2008 for fetal and adult hepatocyte transplantation studies. He worked for Sahlgrenska University Hospital, Department of transplantation surgery, Göteborg, Sweden from 2008-2010. In 2009, he was awarded with TTS New Key Opinion leader, Sweden. He has been appointed as a visiting Assistant professor by Kansas medical Center, USA since 2010 till 2012. He was a part of first tissue engineered tracheal transplant in Sahlgrenska University Hospital, Sweden. He has worked as the Lab director in StemOne Biologicals Pvt. Ltd from 2011-2012. Presently, he is working as Associate Professor, Department of Stem cells and Regenerative medicine, D.Y. Patil University, Kolhapur and he has 2 ongoing projects in his lab and 6 Ph.D. students working under his guidance. He is CMD of stem Plus Cryopreservation Pvt. Ltd a DCGI/FDA approved cord blood bank in Sangli, Maharashtra, India. He is BOS member, Zoology, Shivaji University, Kolhapur. His areas of research are stem cells, stem cell transplant, tissue engineering and 3D bioprinting. He has published more than 38 papers, 4 Book chapters and 6 patents.

Preamble

Higher education institutes were established to train students well in the branch/Department of admission, have a holistic outlook, and have a desire to work for the national needs and beyond. The graduation students must have knowledge and skills in the area of his/her study. However, he/she must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he/she would understand and fulfill his/her responsibility as a citizen and a human being.

Objectives of the Webinar

- ✚ To explain the data collections and plagiarisms
- ✚ To understand the animal and human ethics in research
- ✚ To understand the basics of research

Outcome of the Webinar

- ✚ Prof Dr. Rakesh Kumar Mudgal: Participants got the knowledge about the Plagiarisms and its important Need.
- ✚ Prof C. D. Lokhande: Participants learned about the thesis and Publication Writing.
- ✚ Dr. Megnad Joshi: Participants learned about the In-Vivo, In-Vitro, Ex-Vivo, Ex-vitro studies.
- ✚ With invited speakers, the participants learned about the data collection and computers Skills.
- ✚ With Other faculties, All the participants got the knowledge about Recent Advantages in Research and Advance instrumentation techniques.

REPORT

Internal Quality Assurance Cell and Research Guidance Cell, D.Y. PATIL EDUCATION SOCIETY, DEEMED TO BE UNIVERSITY, KOLHAPUR, has organized the “Research Methodology Workshop” during 01st to 10th Feb 2023. The main objective of this workshop was to discuss the basics of research and the research problems encounter during Ph.D. research work. The total 50 participants including Ph.D. students, PG students, faculty members of University attended the workshop in offline.

The workshop was inaugurated with Chief Guest, Hon’ble Vice Chancellor, Prof. Rakesh K Mudgal, Prof. C. D. Lokhande, Research Director briefed about the workshop and gave highlights of research methodology workshop. Hon’ble Vice Chancellor, in his inaugural talk expressed his ambition to create a world class research facility at D.Y. Patil Education Society, Deemed to be University, Kolhapur and shared his thoughts on basics of research. He talked on research objective and discussed SMART formula i.e., Specific, Measurable, Achievable, Relevant, and Time-related, which is very useful for every stage of research. Dr. K. Mayakannan, coordinator, CIR concluded the inauguration function with vote of thanks.

The workshop featured a diverse range of scientific sessions focusing on basics of research and statistical tools for research. The first day (01-02-2023) scientific session was started by Dr. Jayavant Gunkalar, Ramnujan Fellow, CIR, D. Y. Patil Education Society (Deemed to be University), Kolhapur on “Modern Instrumentation: UV Spectroscopy and FTIR”. The next lecture was by Prof. C. D. Lokhande, Research Director on “Thesis and Publication Writing”. In post lunch session, Prof K. Y. Rajpure sir given invited lecture on “Modern Instrumentation: XPS”, followed by Dr. Vishwajit Khot talked on Moderns Instrumentation (DSC).

The second day (02nd Feb 2023) started with informative lecture on “Research Design” by Prof R. K. Sharma. The second invited lecture was given by Prof M. V. Takale on “Free and Open Source software for science and technology”. Post lunch Prof K.Y. Rajpure delivered invited talk on “Modern Instrumentation: Raman spectroscopy”. Dr. Sharad patil given the talk on Chemical Vapor Deposition

techniques. The 2nd day final talk was given by Dr. Jayavant Gunkalar on “Modern Instrumentation Microscopes; Optical, Scanning electron and transmission electron”.

The third day (03rd Feb 2023) started with the lecture on “Plagiarism” by Hon’ble Vice Chancellor, Prof. Rakesh K Mudgal. Sir discussed in detail on what is it and how to overcome Plagiarism. The next talk by Dr. Meghnad Joshi on “Modern Instrumentation PCR & Fluorescence-activated cell sorting (FACS)”. The post lunch, the invited talk was given Dr. Kabir G. Kharade on “Artificial Intelligence”. Followed by Prof. Niraj Haval D.Y. Patil Engineering College given invited talk on “Foundation course for Basics Computers Skill-Part -1 & 2”.

The fourth day (04th Feb 2023) of the workshop was started with Dr. Arpita Pandey Tiwari on “CPCSEA Guidelines”. The second lecture was on “Modern Instrumentation: Teletherapy & Brachytherapy” by Miss Pooja R. Patil. After the lunch the two sessions were taken by Prof Bhange on “X-ray diffraction Study-Simulation”.

On fifth day (06th Feb 2023) the first lecture was taken by Prof. R. S. Patil on basic foundation for Science and Technology. The second lecture was taken by Dr. Umakant Patil, Inspire faculty fellow. Sir discussed the principle, working and application of cyclic voltammetry and electrochemical impedance spectroscopy (EIS). The second lecture was on “Modern Instrumentation (Microscopes; Optical, Scanning and transmission electron)”. In the post lunch the session was started by talk was given by Dr. Ashwini Jadhav on Good laboratory practices & Biosafety. The next lecture was taken by Dr. Vijay Kumbhar on SILAR Method. The final lecture was delivered by Dr.V. M. Khot on Moderns Instrumentation (DSC, Zeta Potential, Hyperthermia).

On sixth day (07th Feb 2023) the first lecture was started by Prof M. V. Takale on the topic of “Theory of Errors”. The second lectured was given by Prof R. S. Patil on “Fascinating Nano world”. Post lunch lecture was started by Dr. Arpita Pandey Tiwari madam on “Clinical pharmacology and translational research”. Followed lecture given by Dr. Ashwini Jadhav on “Literature searching using different databases”. The final talk on the sixth day was delivered by Dr. Shivaji Kashte on “Mesenchymal stem cells & Its Applications”.

On seventh day (08 Feb 2023), the first two invited talks given by Dr. Anjali Updhye madam on “Sample Size calculation part 1 & 2”. After lunch Prof R. S. Patil delivered talk on “Story of Matter and Energy”. Followed lecture given by Ms Desai Madam on “Introduction to Bio-Statistics”. The last lecture of the same day was given by Mr. Indrajit Kamble on “Curriculum Writing”.

On Eight day (90 Feb 2023), the first two lecture delivered by Mr. Indrajit Kamble on “Basics of English Communications part 1 & 2”. Post lunch, the lecture given by Dr. Shivaji Kashte on “Ouriginal Software and How to avoid plagiarism”. Followed two lecture given by Prof S. M. Pawar sir on “Basics of Electrodeposition part 1 & 2”.

The final ninth day (10th Feb 2023), Lecture started by Dr. Dr. Meghnad Joshi on “In Vivo, Ex Vivo, and In Vitro Techniques for material testing”. The second lecture given by Dr. Vijay Kumbhar sir on “Chemical Methods of Thin film Deposition”. Post lunch, the lecture was on “Modern Instrumentation Technique: Magnetic Resonance Image” by Miss Pooja R Patil. The followed lecture delivered by Dr. Hemaraj M. Yadav on Poster Presentation. The final lecture of the day was given by Dr. Umakant Patil on “Modern Instrumentation: Electrochemical Impedance spectroscopy”.

We are thankful to Dr. V. V. Bhosale, Registrar, Mr. A Narayanswami, FO, Mr. S. Kole, FA for support, encouragement and hour to hour guidance. Last, but not the least, due to the efforts of IQAC, Research Guidance Cell members and CIR staff the workshop has turned to be a grand success.

These trainings should be more frequently organized. These are very helpful for real life scenarios.

No

More such programs should be conducted

.

No comments

Please do send the study material a little more prior so that we can study. It's not possible to read a day prior

Study material should be given 10 days before the program

Overall session was good

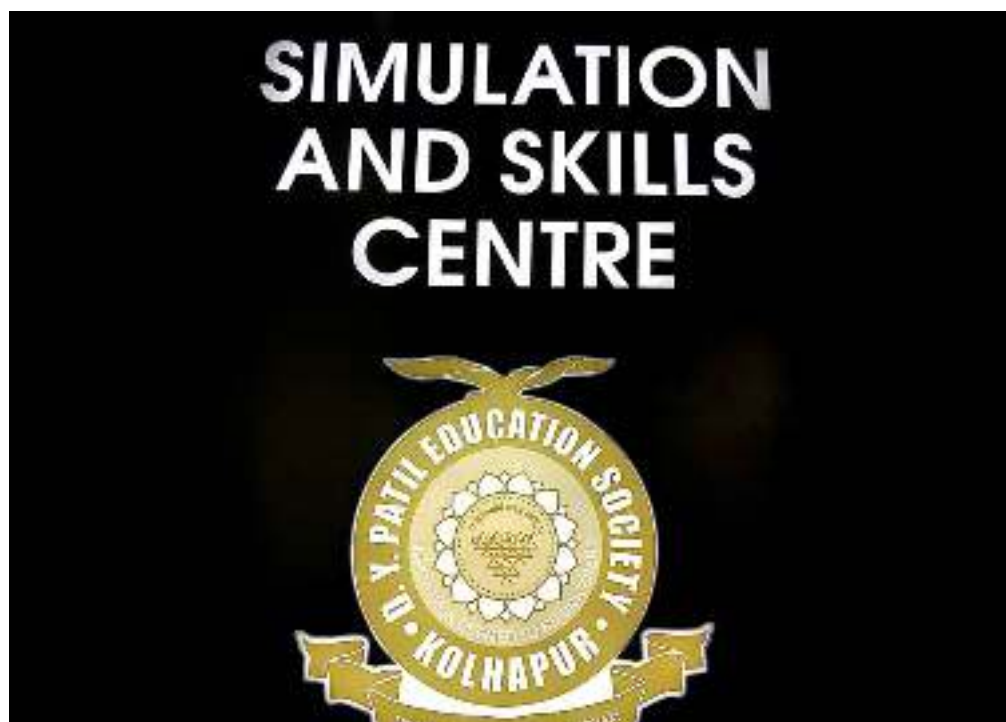

.

ACTION TAKEN ON FEEDBACK:

READING MATERIALS WILL BE PROVIDED BEFORE 10 DAYS OF PARTICULAR WORKSHOP. THE WORKSHOP WILL BE CONDUCTED FREQUENTLY IN FUTURE.

Everything is Perfect, but prior intimation if given would be better

Good

Worth it!

Excellent initiative for learning.

Good session

Must have this course on regular intervals

Need such session more often

More detailed de briefing, in co relation with theory should be done

Nice experience worth it !!

ACTION TAKEN ON FEEDBACK:

19/07/2022

Frequency of the workshops are getting improved since the inception and will be increased to its maximum capacity possible in the near future. Due to process error the communication about the workshop schedule was delayed which is being reviewed.

It was a good informative and well planned session. All the things were explained in a way easy to understand.

Informative

very keen and crisp about management and diagnosis of ACLS

Keep conducting more sessions like this

Leart all aspects of ACLS and real time scenarios

It was good learning experience

Great session

Good

Very good

Was a Great Learning Experience

Could have taken more cases

It's really nice..and new experience for me ..

Very useful session. Please schedule more sessions as these are extremely useful for us.

More cases

Thankyou

Corse should not be held for students post call as they may miss out a lot

Instead of one day, two days course with short periods of time would have been better for concentration

Learn algorithms in advance and come for the session.

More workshops should be conducted

Teaching experience was very helpful... It would be better if we receive the slides which mam taught it will be helpful for revision

I would like more case scenarios with less no of team members.

Please do repeated sessions for BLS ACLS

Please arrange more sessions

Very interactive and educational
