CHAPTER 1

UNIVERSITY PROFILE

University Profile: -

Over the past 18 years, the D. Y. Patil Education Society Deemed to be University, Kolhapur has strived in its pursuit to align with global, national, and local expectations and demands. Originally established as a Health Sciences University in 2005, it ventured into interdisciplinary programs in 2009. More recently, the University has embraced multidisciplinary programs in response to the National Education policy (NEP 2020). The University's commitment to delivering quality education is exemplified by its adoption of the ten verticals outlined in the UGC Quality Mandate of 2018. Furthermore, the University has earned accreditation from NAAC in 2012 and 2017, receiving an 'A Grade on the both occasions.' Presently, we are fully prepared for the imminent visit of a Peer Team for the 3rd Cycle of assessment scheduled for the end of November 2023. Demonstrating a continuous dedication to quality, the University has also acquired accreditations from NABH (2020), NABL (2020), and ISO-9001:2015 Certification (2019 & 2022). These accolades underscore our unwavering commitment to excellence, as does our registration with NDL, NAD, ABC, and Shodhganga.

In our ongoing efforts to provide holistic learning opportunities for our students, we have introduced a diverse range of elective courses and expanded our offering of interdisciplinary programs. This approach has created a multi-tiered, multidimensional educational system that is supported by both statutory and non-statutory bodies. These bodies are firmly aligned with our Vision and Mission, conducting their operations in a transparent and accountable manner. One of our fundamental objectives and commitments is the effective operationalization of quality measures. Inclusivity, democracy, participative governance, and decentralization are integral principles embedded in various facets of our decision-making processes. We prioritize stakeholder representation and the use of their feedback, which, in turn, enables us to maintain a responsive and adaptable system of governance. By incorporating modern management techniques and employing qualified, professionally trained human resources, we ensure proactive responses that align with the dynamic pace of global change.

Resource mobilization from government and non-governmental sources promotes active engagement with our local, regional, and national communities across research, healthcare, and education domains. Recent quality initiatives have included updating our Examination Manual to accommodate recent developments, conducting an IT Audit, revising our IT policy, conducting Green and Energy Audits, Gender Audits, and both Academic and

Administrative Audits. We have also organized International Seminars on Bioethics and Emerging Quality Perspectives in Higher Education (EQUIP-HE) I & II as part of our ongoing commitment to excellence, besides numerous conferences, Workshops and CMEs.

The exceptional teamwork displayed during the COVID-19 pandemic underscored our unwavering commitment to promoting equity and accessibility in healthcare, all while maintaining our strong sense of social accountability. Our response to the crisis involved a comprehensive transformation of our 800-bed hospital into a dedicated COVID-19 facility. We collaborated closely with local district authorities, enabling the swift establishment of an NABL-accredited RT-PCR Molecular Biology Laboratory, a critical component in combating the virus. Digital technology is an integral facet of our campus environment, enriching the learning experience for our University community. To bolster this, we have established a State-of-the-Art Simulation and Skill Centre, which is equipped with 19 Advanced Patient Simulators and 195 skills training models, providing an immersive and advanced learning platform. Our dedicated faculty, comprising 17 invited and 28 core members, 64 internal faculties, and 7 faculty members certified by the Mayo Clinic have conducted an impressive 1089 workshops, benefiting a total of 13,920 individuals. Our tech-savvy campus is equipped with Wi-Fi accessibility, an Integrated Learning Management System (LMS), both Central and Departmental Digital Libraries, Smart Boards, Visualizers, and more. These resources encourage extensive use of e-resources, audio-visual teaching aids, and uploaded LMS lectures. (Simulation data updated as on 17 October, 2023).

Our institution proudly houses Maharashtra's, first ever Cadaveric Bioskills lab, which is also third in India. This unique feature provides hands-on training in surgical skills for both students and practitioners. Our in-house developed Soft Embalming Fluid (SEF) is the key in preserving cadavers in a life like state and providing realistic surgical experience.

In response to the changing educational landscape, we have incorporated MOOCs (Massive Open Online Courses) into our curriculum, fostering a collaborative environment where humans and technology converge. Our health sciences programs, including MBBS, MD, MS, Nursing, Pharmacy and Physiotherapy, are designed to provide students with in-demand employability skills. We've also introduced skill-based undergraduate programs, including B. Optometry, B.Sc. in OT Technology, Medical Lab Technology, and Radiography & Imaging Technology, to address industry demands. Innovative M.Sc. programs in Medical Physics,

Medical Biotechnology, and Stem Cell & Regenerative Medicine offer students a platform for doctoral research progression, international opportunities, and cutting-edge research and innovation. We've also initiated Fellowships in Medicine to train professionals in 13 niche specialties, contributing to improved healthcare for the local population and the nation as a whole.

Ph.D. in interdisciplinary, basic and clinical sciences areas has expanded the research activities and paved the way for increased research output and knowledge creation. Our research endeavors have significantly expanded, leading to a remarkable h-index of 56, with 30 awarded patents, 32 published patents, 17 granted copyrights, 125 UGC CARE/SCOPUS publications, and 19 books, book chapters, and proceedings. Research funding from government bodies, NGOs, industry partners, and the university itself supports and drives our research initiatives, resulting in an elevated research outputs. Stringent anti-plagiarism guidelines and the use of Turnitin software underscore our unwavering commitment to academic integrity, transparency, and professional accountability. Our cutting-edge research facilities, including the Advanced Instrumentation Facility, Central Research Laboratory, Stem Cell Laboratory, Animal House, Molecular Biology Lab, RICH Cell, and the APJ Abdul Kalam Incubation Centre, have provided opportunities for hosting DST-Inspire Fellows and DST Ramanujan Fellows, along with the incubation of six ongoing startups, which have garnered accolades such as the 'Technology Transfer Project' under SERB-TETRA and a National Innovation Award by the Ministry of Education. We also organize Research Methodology workshops and campaigns to empower students in research and innovation.

Our commitment to faculty development is evident through our investment in organizational resources, awards, incentives, and financial support, ensuring capacity building and self-improvement. Our active Medical Education Unit, which is currently in the process of upgrading to a department, regularly conducts Faculty Development Programs in collaboration with IQAC. We actively encourage the use of platforms like Swayam and other MOOCs for both students and faculty, with many registering for various courses last year.

Our commitment to curricular innovation is grounded in Outcome-based Curriculum Framework and the principles of Competency-based Medical Education. These underpin our efforts to strengthen our graduate attributes, program-specific and program outcomes, and course outcomes, all of which contribute to the learning outcomes we aim for our graduates.

These outcomes are directly aligned with specific skills that graduates should attain, supported by short-term certificate courses designed to enhance employability.

To foster self-directed learning, we've deliberately integrated it into our timetable, provided access to audio-visual resources, and utilized online platforms and social media, such as WhatsApp, for teaching, discussions, and mentoring. This approach has nurtured creativity, innovation, and problem-solving in our teaching and learning practices. Collaborations with industry partners and NGOs significantly contribute to the enhancement of our curricula. Across our various programs, we have observed significant progress in our graduates' higher education journeys, reflecting the effectiveness of our graduate outcomes. Communication Skill lab activities are integral to fostering professionalism and social readiness among our graduates. We're further strengthening our students' value orientation, ethical practices, and future leadership development through initiatives like NCC Unit, NSS Unit, Bioethics Unit, and 52 Value-Added courses.

Active Bioethics Student Wing plays a pivotal role in disseminating information and training to peers and the community through short videos, international seminars, research endeavors, and active participation. We take pride in celebrating various important events such as National Vigilance Week, Republic Day, Independence Day, Mahatma Gandhi Jayanti, Doctors' Day, Teachers' Day, Nurses Day, Constitution Day, Savitribai Phule Jayanti, Chhatrapati Shivaji Maharaj Jayanti, Rajarshi Chhatrapati Shahu Maharaj Jayanti, and Swami Vivekananda Jayanti, with substantial student participation. The sports infrastructure is regularly used by students facilitating their overall development and bringing laurels at different levels.

We've strong support systems to guide our students effectively, including the University Moral Guidance Scheme (UMGS), the Counselling Centre, Entrepreneurship Cell, Career Orientation and Counselling, Anti-Ragging Cell, Internal Complaints Committee (ICC), and the Women Development Cell (WDC). Maintaining a favorable student-to-faculty and student-mentor ratio of 10 ensures personalized attention for our students. Throughout the year, we organized a total of 80 extracurricular activities to engage and enrich the lives of our students.

Our dedicated alumni, through their financial and non-financial contributions, regular interactions, and participation in governance, provide invaluable perspectives that continually contribute to improvements, facilitated by our registered Alumni Association.

Logo of the University

Our logo is a remarkable, systematic and meaningful interweaving of shapes, images and quotation all perfectly blended together.

The Sanskrit quotation at the center is our Motto “Dnyanadheenam Jagat Sarvam” meaning “Knowledge is Everything in the World”. The quotation reflects the narrative of this university, the belief that education can change lives, nations and the destiny of mankind.

The University commits to providing holistic training with knowledge in technical areas as well as comprehensive training in communications skills, ethics, soft skills and development of humane attitude and empathy.

The symbol in the center portrays the Indian deity of knowledge Goddess Saraswati showering blessings on the learners.

The twenty-four Lotus petals and white colour indicate that knowledge is supreme in the world.

The image of Eagle at the top represents a sense of courage and a desire to explore and grow.

D. Y. PATIL EDUCATION SOCIETY (DEEMED TO BE UNIVERSITY), KOLHAPUR

We are extremely happy to present herewith the Annual Report-2023-2024 of D. Y. Patil Education Society Deemed to be University, Kolhapur. The report has covered the information regarding officers, authorities of the University, meetings, academic activities of the University, publications, University examination, Research activities and University finance etc. of the University and its constituent units during the academic year 2023-2024. The duration of this annual report is Academic Year 2023-2024 (i.e. 01-07-2023 to 30-06-2024).

1.1 Convocation Address: -

Dr. D. Y. Patil Sir, Padma Shree awardee and Former Governor of Tripura, Bihar and West Bengal, Dr. Sanjay Patil, Hon'ble Chancellor D. Y. Patil Education Society, Deemed-to-be-University, Kolhapur, Shri. Satej Patil, Vice-President of Education Society, Mr. Ruturaj Patil and Mr. Prithviraj Patil, Trustees and Members, Board of Management, my friend Dr. Rakesh Kumar Mudgal, Hon'ble Vice-Chancellor of the University, Registrar Dr. Vishwanath Bhosale, Controller of Examinations Mr. Abhay Joshi, my guide and mentor Dr. Ved Prakash Mishra, other members of Board of Management, Academic Council, Officials of the University, Faculty members and dear young friends who are graduating this year from one of the premier Health Sciences University of the country which is now truly a multi-disciplinary.

I feel greatly honoured to stand before you all for this august function.

Dear Friends, today, we are gathered here to celebrate a monumental milestone in your life – your Convocation.

First and foremost, congratulations to each one of you for successfully completing your academic journey. It was not an easy journey. All of us have passed through this phase of life with nights spent in studying, challenging examination and for some of us endless work hours at Hospital. These countless challenges have shaped you into a remarkable individual that you are today. 'Your dedication and hard work has brought you to this momentous occasion today'. I would also like to specially congratulate Dr. Shekhar Bhojraj, Founder and Chairman of Spine Foundation on being conferred Doctor of Science (Honoris Causa) for his exemplary services to the medical profession and also to Mr. R. A. Patankar, Former President of CREDAI (Maharashtra) who are conferred with Doctor of Letters (Honoris Causa) for his exemplary public service. This occasion is filled with lots of mixed emotions, joy, excitement, relief and perhaps a touch of apprehension too, because till now there was always someone to take care of you and guide you, but now you will be entering this august profession on your own. However, forget this apprehension for few moments and embrace this moment with all its joy as this signifies culmination of years of your hard work and dedication.

As you stand on the threshold of future, let us not forget the support system that made this achievement possible. Your teachers, mentors, staff, patients who were responsible for providing the environment that nurtured your developments.

It is time to also recognize the unwavering support of your loved ones – your parents, siblings, partners and friends. Their love, encouragement and sacrifices are foundation on which your success rests. So, take a moment from your busy schedule to always express your gratitude and appreciation for their contribution in your lives.

Dear Friends, I visited the constituent medical college some 25 years back as examiner and I am thankful to Prof. Mudgal for inviting me for this august occasion and giving me an opportunity to address you before you enter this venerable profession. In our interaction, he told me a lot about the Deemed University and its constituent colleges.

Kolhapur and Belagavi are not only geographically close but in character and practices also we have similarities. In spite of not being from metropolitan cities, our Universities are successful enough to be considered as amongst top private Universities and I think all the credit goes to

your management and administration. My best wishes to the entire University family for all future endeavours.

Dear students, at this moment, I will fail in my task if I do not remind you of the incredible responsibility that you are about to shoulder as future health care professionals.

As you embark on your journey, it is essential to remember that your education should not end today. Remember that in profession, it is important to remain up-to-date with the latest developments in the field. Learning is long pursuit and it is one which will set you apart in ever evolving world. Seek opportunities to learn from others, to engage in meaningful conversations and to explore areas outside your comfort zones.

Today because of, so many innovations are taking place simultaneously, it is important to remember what Alvin Toffler wrote in his book “Future Shock” that, “The illiterate of the 21st century will not be those who cannot read or write but those who cannot learn, unlearn and relearn”. It is also important to cultivate important qualities that define an exceptional health-care professional, compassion, empathy and a deep sense of understanding. It is not just about diagnosing ailments and prescribing medications, but is also being able to listen and lend compassionate shoulder to lean on. By staying informed and embracing the innovations in medical treatments, telemedicine, artificial intelligence and new technologies, you will be at forefront of your profession.

Remember that success is not solely defined by wealth or titles you acquire. True success lies in making a difference in lives of others, contributing for betterment of society and finding genuine happiness on its way. As you step into the world, there will be setbacks and failure. It is important that in those moments of adversity, you must show your resilience and strength and use them as stepping stone of success. And also remember to take care of yourself. Remember to find balance in your personal and professional lives. Your own health and happiness are vital to your ability to take care of others effectively. As graduates of various Professions, it is our collective responsibility to use our education as means to provide quality services to our countrymen. Even if we do our work sincerely, then also it will help in nation building and it will be our own contribution for this great nation. In conclusion, my dear students always believe in yourselves, trust in your abilities and have faith in the journey ahead. Congratulations again and may your dreams come true. My best wishes for all your future endeavours.

WORLD FOOD DAY - October 16th

Theme: “Water Is Life, Water Is Food: Leaving No One Behind”.

Since 1945, every 16th October we celebrate World Food Day on FAO’s birthday and because there is so much to talk about when it comes to food, FAO chooses a different topic each year.

Food is FAO’s business, and every day it helps over 130 countries around the world to fight hunger and poverty, make sure that people eat nutritious food, and better manage their natural resources. FAO works mostly in rural areas, where nearly 80 percent of the world’s poor and hungry people live. Because food is everyone’s business (not just FAO’s), over 150 countries across the world celebrate with us to raise awareness about hunger and about how important it is that everyone has enough safe and nutritious food to lead healthy and active lives.

Every creature and plant on our planet need food to live, grow and reproduce. It’s also a basic human right. Every one of us should always be able to get the food we need to live healthy and active lives.

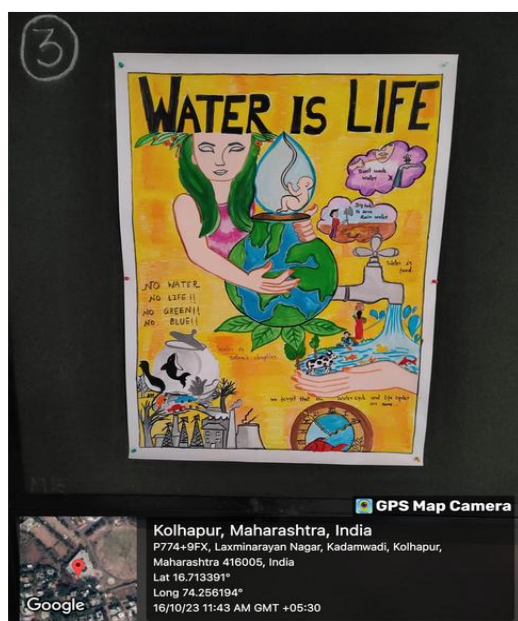

We choose the food we eat, based on many different things: the time when we have to cook or eat it, what’s easiest to eat, what others eat, the occasion, our culture or religion, what we like or dislike, our habits, and our knowledge and cooking skills too. But there are two very important things help us to decide what we eat: how much it costs and how easy it is to find.

Being healthy is everyone's responsibility. Aside from getting enough exercise and drinking enough water, a very important part of being healthy is having a good diet. A healthy diet means eating enough nutritious, safe and varied food every day, so that you can grow and live an active life (run, play, learn, grow and climb trees)

World Food Day is a day of action dedicated to tackling global hunger. Held annually on 16th October, people from around the world come together to declare their commitment to eradicate worldwide hunger from our life time. These events promote worldwide awareness and action for those who suffer from hunger and for the need to ensure food security and nutritious food for all. The core emphasis of world food day is that access to food is a fundamental human right.

The Department of Physiology & NSS unit of D Y Patil Medical College celebrated the **"World Food Day" on 16th October 2023**. Poster presentation competition was organized for the first year MBBS Students at 01.00 PM on 4th floor of Medical college. Total 18 students participated with their attractive posters.

Guru Purnima Celebration

Guru Purnima is a special festival celebrated in Hindu, Jain and Buddhist as a tradition. It falls on full moon day (Purnima) in the Hindu month of Ashadha (June-July) of the traditional lunar calendar. The festival is dedicated to expressing gratitude and reverence to one's spiritual teachers, mentors and guides. The word "Guru" in Sanskrit means "Teacher" or "Guide" and the day of Guru Purnima is considered a time to play homage to those who have imparted knowledge and wisdom. It is an occasion to acknowledge the role of gurus in our lives and to show gratitude for their teaching and guidance.

The program was started with a welcome address followed by felicitation of Prof. C. D. Lokhande, Dean and Research Director, for receiving honorable P.D. Patil Maharashtra Bhushan Purskar. All the teachers as well as non-teaching staff were felicitated by giving a floral bouquet as a token of love and appreciation. The Guru Purnima was celebrated by cutting a cake by the auspicious hands of Prof. Dr. C. D. Lokhande.

सक्राळ शिवछत्रपतींचे चरित्र पिढी घडविणारे दिग्गज लंजेकर : 'यिन', डी. वाय. पाटील नर्सिंगतर्फे 'यिन संवाद'

कोल्हापूर, ता. १२ : शिवछत्रपतींचे चरित्र प्रत्येक पिढी घडविणारे आहे. ज्यांना आयुष्यात उभारी प्यायचे आहे, त्यांनी हे चरित्र वाचलेच पाहिजे, असा संस्कार दिग्दर्शक दिग्गज लंजेकर यांनी आज येथे दिला.

सक्राळ माध्यम समूहाच्या यंग इन्सप्रेटर्स नेटवर्क व कसबवाडीतील डॉ. वाय. पाटील कॉलेज ऑफ नर्सिंगतर्फे आयोजित 'यिन संवाद' उपक्रमात ते बोलत होते. या वेळी त्यांनी अभिनयाचे क्षेत्र व्यापक असून, ज्याला या क्षेत्रात करिअर करायचे आहे, त्याने झोकून घ्यावे, असे आवाहन केले. डॉ. वाय. पाटील कॉलेज ऑफ नर्सिंगमध्ये कार्यक्रम झाला.

लंजेकर म्हणाले, “शिवछत्रपतींचे चरित्र प्रेरणा देणारे आहे. शिवरायांनी बांधलेले गडकिल्ले इतिहासाचे मूक साक्षीदार आहेत. ज्यांना इतिहास अनुभवायचा आहे, त्यांनी गडकिल्ले टोला

कोल्हापूर : यिन संवाद उपक्रमात तरुणांसोबत दिग्दर्शक दिग्गज लंजेकर, अभिनेता भूपण शिवतारे, बिपीन सुरें, प्रसन्न केतकर, समीर धर्माधिकारी, भूपण पाटील, अवधूत गांधी यांनी मार्गदर्शन केले. दुसऱ्या छायाचित्रात उपस्थित तरुणाई.

भेटी दिल्या पाहिजेत. शिवछत्रपतींचे कर्तृत्व गडांच्या भेटातून उलगडून येते.” अभिनेता भूपण पाटील यांनी शिवछत्रपतींसारखे छत्रपती संभाजी महाराज यांनी स्वराज्य कसे सांभाळले, याविषयी माहिती दिली. तो म्हणाला,

“शिवरायांच्या निघानंतर संभाजी राजांनी शत्रूवर जखम बसवली. त्यांच्या पराक्रमाने शत्रू स्वराज्यावर चालून येण्याचे धाडस करत नव्हता. त्यांचे कर्तृत्व प्रत्येक पिढीला कळावलाच हवे.” गायक अवधूत गांधी यांनी ‘मावळ आम्ही...वादळ आम्ही,’ गीत सादर केले. या वेळी अभिनेता भूपण शिवतारे, बिपीन सुरें, प्रसन्न केतकर, समीर धर्माधिकारी उपस्थित होते.

प्राचार्य जानकी सिंदी, यिन समन्वयक रिचा जाधव उपस्थित होत्या. यिन सहायक व्यवस्थापक अवधूत गायकवाड, यिन प्रतिनिधी राजलक्ष्मी कदम, गृहमंत्री शिवतेज देवणे, यिन अध्यक्ष विशाल विराजे, उपाध्यक्ष प्रणव करमरकर, सदस्य अनोश कामत, दर्शनी पोवार, अश्वता मोखले यांनी संयोजन केले. सिमरन कुरणे व कलेश जोसेफ यांनी सूत्रसंचालन केले.

41	Quality Assurance Test of Radio Diagnostic Machines in Five Major Regions of Maharashtra with free of Cost	AERB, Mumbai	Dr. K. Mayakannan	Rs.20,80,000/-
42	Chemical Deposition of Binder-Free Nickel-Cobalt Phosphate thin films as Catalysts for Overall Electrochemical Water Splitting	SERB, New Delhi	Dr. Pooja A. Mithari Prof. C. D. Lokhande	Rs.14,00,000/-
43	Cerium incorporated two- dimensional semiconductor based multifunctional photo-electro catalyst	SERB SURE, New Delhi	Dr. Pravin Pawar	Rs.33,00,000/-
44	Expression of Hepatocyte Transcription Factors in Chronic Liver Disease and its Histopathological, Biochemical and Clinical Correlates - Ongoing	D. Y. Patil Education Society	Prof. Dr. Shimpa Sharma	Rs. 10,00,000/-
45	Comparative Study Of Post-operative Outcome Between Open Haemorrhoidectomy And Laser Haemorrhoidoplasty	-	Dr. Sheetal Murchite Dr. Aniket Patil Dr. Monika Student	Rs. 10,00,000/-
46	Comparative study of outcome between open fistulectomy and Laser Therapy in Fistula.	-	Dr. Aniket Patil Dr. M.R. Patil	Rs. 8,00,000/-
47	Comparative study of postoperative outcome between Excision of Pilonidal Sinus and Laser Therapy in Pilonidal Sinus	-	Dr. M. R. Patil Dr. Aniket Patil	Rs. 8,00,000/-
48	Nano polymer for Wound Healing in Diabetic Foot	-	Dr. Mrs. V. V. Gaikwad	Rs.8,65,000/-

2. Patents Granted

Year	Title	Applicant Name	Patent No.	Status
2023-24	A Method for RNA Isolation from Viral/Human Serum Samples Using Functionalized Magnetic Nanoparticles.	Dr. Arpita Pandey Tiwari, Ms. Rutuja Prasant Gambhir	202221045186	Granted 26/07/2023 440563
	Electrochemical Supercapacitor Device	Prof. C. D. Lokhande, Ms. P. P. Bagwade, Mr. D. B. Malavekar, Mr. S. D. Khot, Mr. R. P. Nikam	202221029730	Granted 21/08/2023 445967
	A Chemical Synthesis Process for cobalt-iron phosphate and use as electrocatalyst thereof.	Dr. Umakant Mahadev Patil, Mr. Suraj Anandrao Khalate, Mr. Sachin Shivaji Pujari	202221021487	Granted 04/09/2023 449331
	A method for coating of cerium sulfide-carbon based composite.	Prof. C. D. Lokhande, Mr. D. B. Malavekar, Dr. V. V. Bhosale, and	202021002802	Granted 11/09/2023

		Mr. V. C. Lokhande, Mr. V. J. Mane		
2023-24	Chemical method for growing a cobalt vanadium oxide thin film on solid substrate.	Dr. Umakant M. Patil, Mr. Sambhaji S. Kumbhar, Mrs. Shaddha B. Bhosale, Mr. Vinod V. Patil, Prof. C. D. Lokhande, Dr. Prashant Ravasaheb Deshmukh	202221020670	Granted 16/10/2023 459219
	Electrochemical Biosensor Apparatus for Detecting Stem Cells.	Dr. A. P. Tiwari, Ms. R. P. Gambhir, D. Y. Patil Education Society	393145-001	Indian Design Patent Granted 17/10/2023
	A Method of Preparation of Lanthanum Strontium Tungsten Oxide Composite Electrode for Supercapitor Application.	Prof. Appasaheb P. Torane, Mr. Aniruddh A. Mohite, Mr. Rushiraj P. Bhosale, Dr. Shivaji B. Ubale, Mr. Sambahji S. Kumbhar, Prof. Chandrakant D. Lokhande, Prof. Bharat T. Jadhav	202221046044	Granted 21/11/2023 471088
	A method of ytterbium sulphide thin coating on sold surfaces	Prof. C. D. Lokhande, Dr. R. B. Pujari, Dr. V. V. Bhosale, Mr. A. C. Lokhande	201821015970	Granted 22/11/2023 471433
	Chemical Synthesis of Cadmium Selenide/Reduced Graphene Oxide Composite Thin Film and Photoelectrochemical Cell Application.	Prof. C. D. Lokhande, Mr. Ranjit P. Nikam, Mr. Sambhaji D. Khot, Ms. Priti P. Bagwade, Mr. Dilip J. Patil	202121062097	Granted 28/11/2023 473475
	A Method of Synthesizing Composite of Reduced Graphene Oxide and Nickel Tungstate for Energy Storage.	Prof. C. D. Lokhande, Mr. Dilip J. Patil, Dr. D. B. Malavekar Mr. S. D. Khot, Mr. R. P. Nikam	202221039656	Granted 08/12/2023 479403
	A method of preparation of an electrode based on nickel-chromium-layered double hydroxide intercalated with polyoxovanadate for supercapacitor application.	Dr. J. L. Gunjekar, Mr. N. S. Padalkar, Mr. S. V. Sadavar, Miss. R. B. Shinde, Prof. C. D. Lokhande, Dr. V. V. Bhosale	202021001507	Granted 28/12/2023 491292
	A method for synthesis of dysprosium sulfide (Dy ₂ S ₃) thin film and supercapacitive application thereof.	Prof. C. D. Lokhande, Ms. T. T. Ghogare, Ms. P. P. Bagwade,	201921046414	Granted 11/01/2024 497991

		Mr. V. J. Mane and Dr. V. V. Bhosale,		
	Radiosensitizer Based on Iron Oxide Nanoparticles.	Dr. P. N. Pawaskar, Ms. Madhuri Anuje, Mr. Ajay Sivan, Mr. Satish Jadhav, Prof. C. D. Lokhande, Dr. V. V. Bhosale	202121017519	Granted 12/01/2024 498613
2023-24	A electrochemical method of preparation of manganese ferrite thin films on conducting substrates for energy storage.	Dr. Vinayak S. Jamadade, Mr. Rushiraj P. Bhosale, Dr. N. L. Tarwal, Ms. P. P. Bagwade and Prof. C. D. Lokhande	202221030806	Granted 29/01/2024 504456
	Gas Sensing Apparatus.	Dr. J. L. Gunjekar, Mr. P. D. Sawant, Ms. S. V. Talekar, Ms. S. A. Pawar, Ms. A. S. Patil and Mr. A. S. Patil	403477001	Indian Design Patent Granted 12/02/2024
	Chemical Synthesis of Dysprosium Sulphide Coating for Energy Storage.	Prof. C. D. Lokhande, Mr. S. D. Khot, Dr. V. C. Lokhande	202321020957	Granted 05/03/2024 519511
	An Improved solid-state device for energy storage	Prof. C. D. Lokhande, Dr. A. M. Patil, Mr. A. C. Lokhande, Dr. V. V. Bhosale	201821021727	Granted 14/03/2024 526729
	Cobalt vanadium oxide, preparation method for the same and supercapacitor comprising the same.	Dr. Umakant M. Patil, Mr. Sambhaji S. Kumbhar, Mrs. Shaddha B. Bhosale, Mr. Vinod V. Patil, Prof. C. D. Lokhande, Dr. Rahul R. Salunkhe	202221020648	Granted 20/03/2024 529322
	Infrared (IR) cut-off water filter assembly.	Dr. J. L. Gunjekar, Mr. Y. M. Chitare, Mr. V. V. Magdum, Ms. S. P. Kulkarni, Mr. A. S. Patil, Ms. A. S. Patil	407337001	Indian Design Patent Granted 10/04/2024
	A Method for Detection of Folic Acid from Human Serum/Urine Samples Using Surface Functionalized Carbon Quantum Dots.	Dr. Arpita Pandey Tiwari, Ms. Anuja Vibhute, Prof. C. D. Lokhande	202321020467	Granted 21/05/2024 538842
	Method of Synthesizing Reduced Graphene Oxide/Polyaniline Coating for Energy Storage Application Thereof.	Prof. C. D. Lokhande, Ms. D. C. Pawar, Mr. A. G. Bagade, Mr. S. R. Sankapal	202321016608	Granted 21/06/2024 542485

UNIVERSITY FINANCE

The budgetary provisions and the actual receipts and expenditure during the year 2023-2024 were as below:

Budget Estimates for the year 2023-2024		Actual Receipts & Expenditures for the year 2023-2024	
Total Expected Receipts	257,26,13,000/-	Total Actual Receipts	232,05,62,865/-
Total Expected Expenditure	280,27,46,621/-	Total Actual Expenditure	198,59,70,986/-

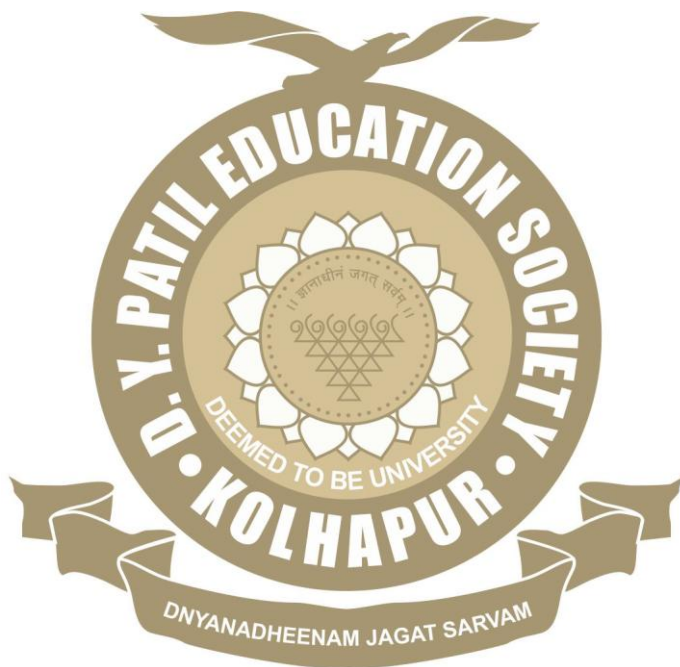

By and large, performance in respect of collection of Tuition Fees, Examination Fees, Hospital Receipts and Capital and Revenue expenditure is as per estimations.

This report of the Fee Structure Committee was submitted to UGC.

CHAPTER 11

Commitment towards Society

▪ Empowering Communities: Outreach Initiatives at Dr. D. Y. Patil Medical College Hospital and Research Institute.

Dr. D. Y. Patil Education Society has consistently worked to promote public health through diverse and impactful initiatives. The D. Y. Patil Medical College, a constituent unit of the University has consistently championed the cause of community health through its transformative outreach programs, with a mission to bridge healthcare disparities, the college organizes regular medical camps in underserved rural and urban areas, providing free consultations, diagnostics, and treatment.

Empowering students through hands-on participation in these programs, the college nurtures future healthcare leaders with a strong sense of social responsibility. These outreach efforts reflect Dr. D. Y. Patil Medical College's dedication to fostering healthier, more equitable communities.

This report highlights our key efforts in medical outreach, awareness campaigns, and sustainable health practices, with a special focus on the University's engagement in these activities through the Dr. D Y Patil Medical College Hospital and Research Institute.

▪ Medical Camps: -

Organizing medical camps has been a cornerstone of our efforts to provide accessible healthcare. These camps are held in underserved urban and rural areas, offering free health check-ups, diagnostic services, and consultation by experienced medical professionals. Specialized camps addressing chronic diseases like diabetes, hypertension, and cardiac ailments have been particularly impactful. Furthermore, these camps emphasize preventive healthcare by providing vaccinations, dietary advice, and lifestyle counselling to enhance community health. All treatment seeking patients are enrolled under the various applicable schemes. Till June 2024 we have organized 93 medical camps in various areas of Kolhapur districts where over 15, 000 beneficiaries were screened and treated.

■ Blood Donation Camps: -

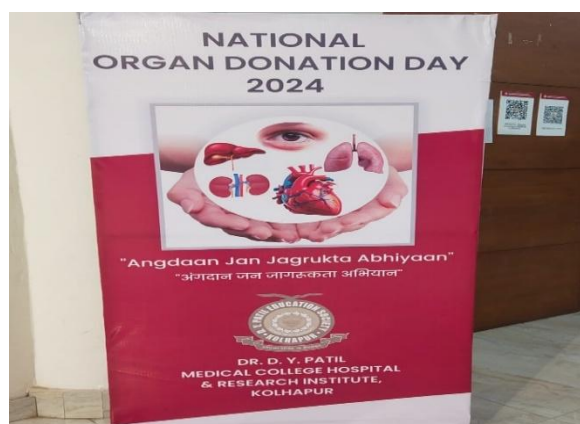

We have organized number of blood donation camps. These events aim to address the critical shortage of blood in medical emergencies. Students, staff, and local community members actively participate, driven by the understanding that their contributions save lives. Each camp also includes informative sessions to dispel myths about blood donation, ensuring sustained participation. In this year we have organized 45 camps with 1825 donors.

■ Organ Donation Awareness: -

To encourage life-saving organ donations, the University has hosted awareness campaigns, workshops, and seminars. These programs educate individuals about the importance of organ donation, the registration process, and the ethical considerations involved. Testimonials from organ recipients and donors are shared to inspire participation, creating a culture of compassion and altruism.

The Organ donation day was celebrated on 12/07/2024. Rangoli Competition was held with a focus on importance and impact of Organ Donation. This event aimed to promote the importance and impact of Organ Donation in improving the awareness regarding organ donation. The Ophthalmology department maintains an eye bank and, in this year, has received 12 eye donations. Corneal transplant was done on 24 patients enabling them to see the world.

■ School Health Programmes: -

Recognizing the importance of early health education, we collaborate with local schools to conduct health programs. These initiatives include vision and dental check-ups, nutrition awareness sessions, and hygiene workshops. By instilling healthy habits at a young age, we aim to prevent common childhood illnesses and foster lifelong well-being among students. In this year we have

covered 07 primary schools and sensitized 3800 plus students and 947 children were treated for dental caries, vision correction etc.

■ **Environmental Health Initiatives: -**

To promote sustainable health, our environmental programs focus on tree plantation drives, water conservation, and sanitation projects. These initiatives contribute to cleaner air, enhanced water resources, and improved community hygiene. Tree plantations also involve students and residents, fostering collective responsibility for environmental preservation. Campaigns promoting waste segregation and safe sanitation practices further bolster our commitment to ecological health.

■ **Free Hospital Services: -**

Our affiliated healthcare facilities provide free medical services to economically disadvantaged populations. These services include outpatient consultations, diagnostic tests, surgeries, free normal or section deliveries and post-operative care. Additionally, our hospital outreach programs offer free medicines and treatment to marginalized groups, ensuring no one is deprived of basic healthcare due to financial constraints, free Spine Camp is conducted every month by Renowned spine surgeon from Mumbai Dr. Bhojraj. This year we have screened over 5000 patients and treated 2500 Spine conditions. Almost 80 complicated spine surgeries were done for BPL patients through the Spine foundation of India at the Dr. D Y Patil Medical College Hospital and Research Institute. All specialized surgeries like Neurosurgery, Pediatric surgery, Plastic surgery, Urosurgery are all done free of charge to the patient.

■ Disease Prevention Activities: -

Preventive healthcare remains at the forefront of our mission. Activities include vaccination drives, lifestyle modification workshops, and health screenings for early detection of diseases. Awareness campaigns on vector-borne diseases, communicable diseases, and seasonal illnesses are regularly conducted. These efforts significantly contribute to reducing disease burden and improving community health outcomes.

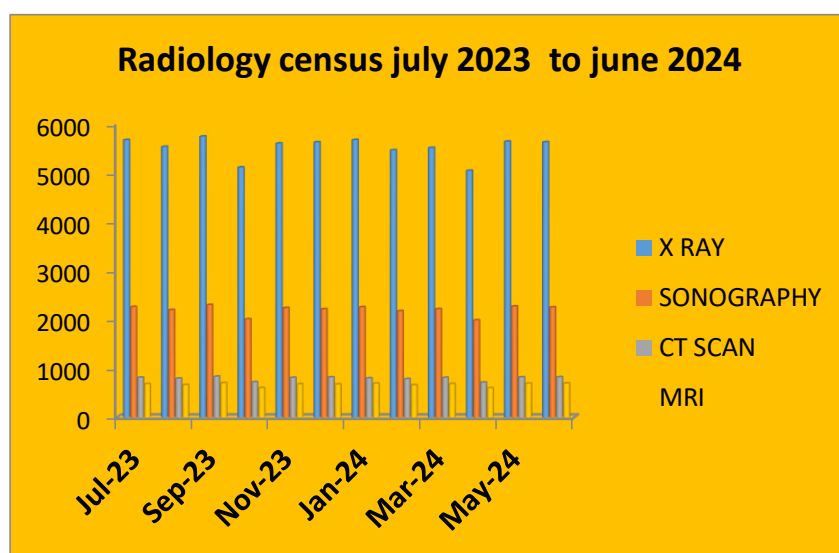

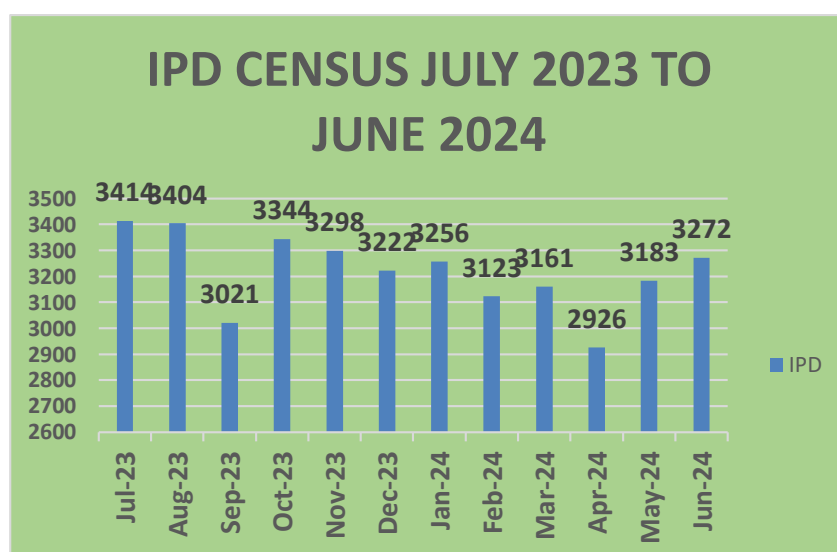

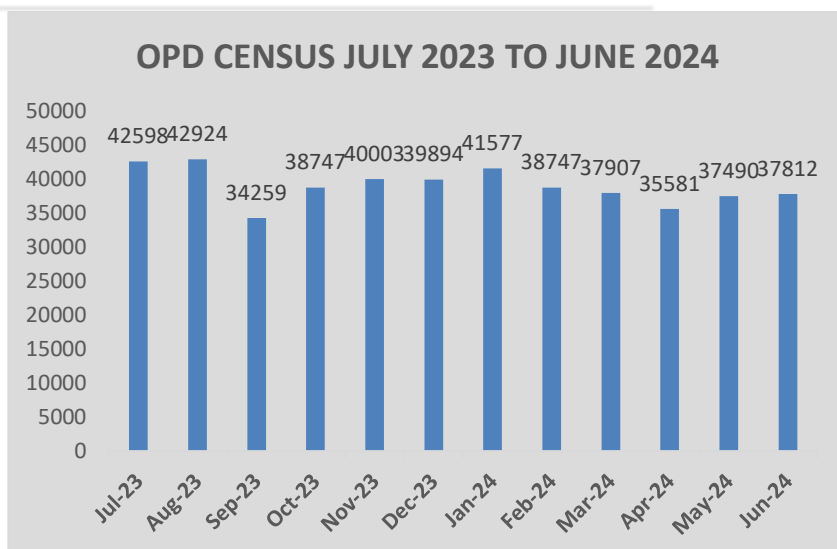

■ University Neighborhood Network: -

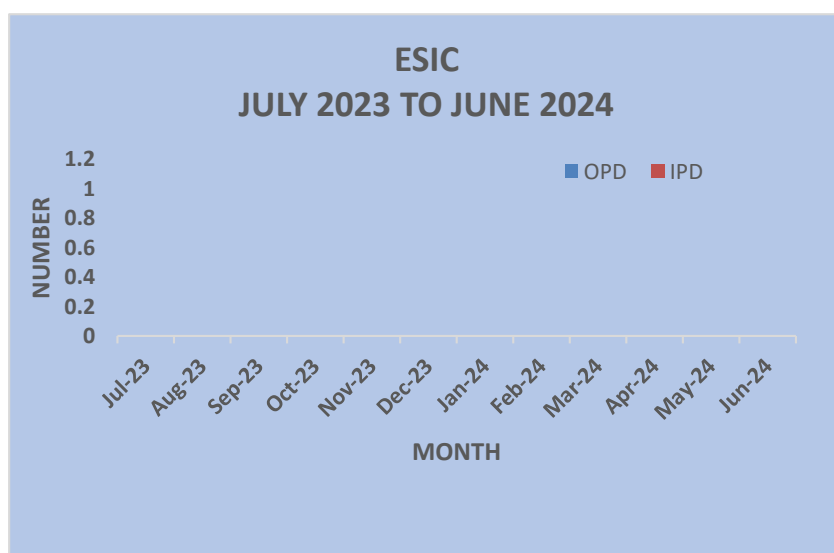

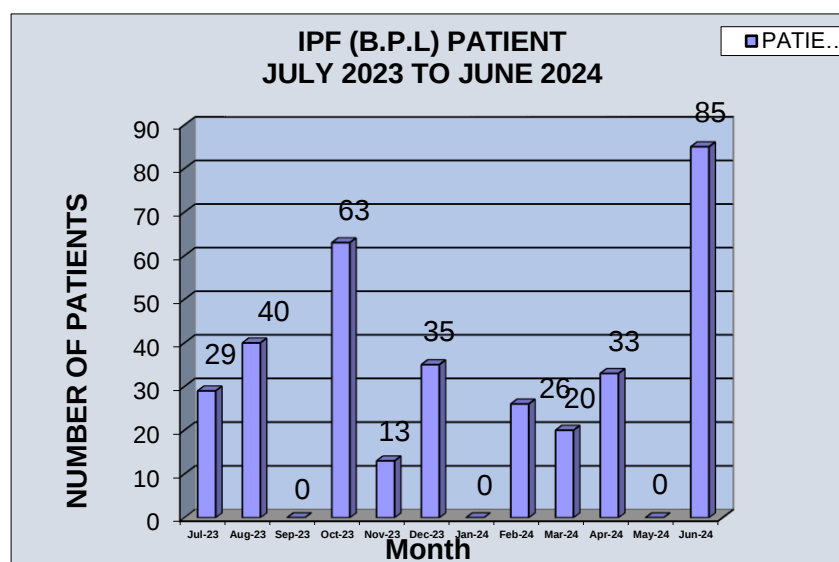

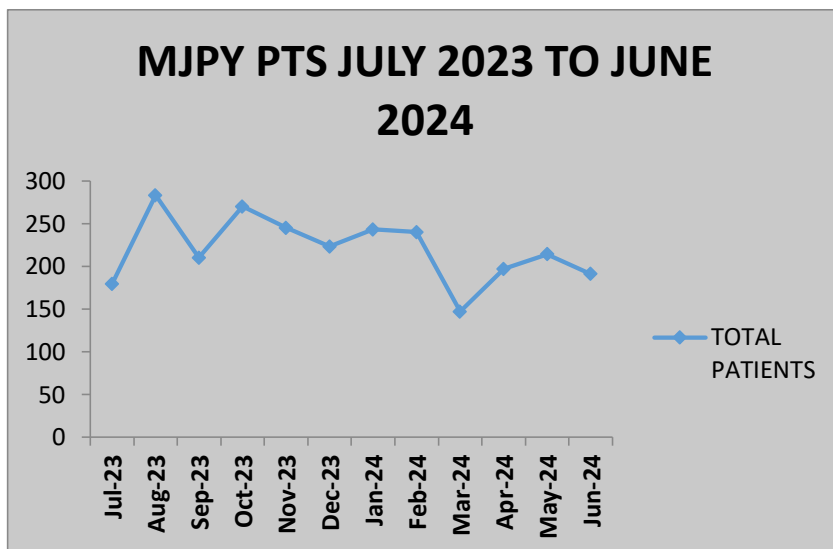

The University Neighborhood Programme has been instrumental in improving the health and well-being of the community. Through collaborative efforts and sustained commitment, D. Y. Patil Medical College continues to uphold its mission of service and excellence. The Dr. D Y Patil medical College Hospital and Research Institute along with the ASHA workers ensures that proper ante natal care is provided to the pregnant mothers. All high-risk mothers are monitored from the very beginning to ensure that the mother and child are healthy. Pregnant mothers from the nearby PHCs get free Ultrasound done in the hospital as a result of the MOUs with the PHCs. The hospital also

conducts school health camps and a complete checkup of the students is carried out with special focus on the dental health. Advice regarding nutrition and healthy lifestyle is imparted through lectures. sugarcane workers are at a high risk of developing spine problems as they carry a lot of weights and special spine camps are carried out for them. Free plastic surgery camps are organized every year along with the Dr. Dixit foundation and the Rotary club which benefits a lot of needy patients. Department of Anesthesia and Pediatrics regularly carry out community activities to educate the general population on basic life support manures. Our doctors also teach first aid and BLS to people in the various industries around Kolhapur. The Hospital give support in the form of medical camps and ambulance services for all the religious festivals like Jyotiba Yatra, Pandharpur yatra, Ganesh festival etc. where our doctors are stationed at these places to take care of the health of the devotees. The hospital also extends its support to all the Marathons and sports events that take place in the city of Kolhapur. The hospital caters not only to the population of Kolhapur district but also to the neighboring districts to Belagavi which belongs to the Karnataka state. The ART center inaugurated on 1st December 2023 is a boon to HIV patients in the region.
