## PREAMBLE

*"Educating mind without educating heart is no education at all"*

—Aristotle.

Knowledge is a flow, a continuous growth, based on new experiences and new research. You only possess the inbuilt power and resources you need to achieve your highest goals. The most phenomenal engineer is within you. Reset your destiny to abundance, freedom, love, joy, wellbeing, and positive mind with synchronous heart through training of your mind and heart. Educating heart entails not to focus only on the development of cognitive aspects but also to transform you to a person of true character and a true human, reflecting harmony and integrity of mind and heart. This is what we are seeking by arranging this one day National conference cum workshop. The lectures and guidance of eminent speakers from Heartfulness Institute & D.Y.Patil Medical College, Kolhapur with small relevant and entertaining exercises will help you to imbibe harmony between your heart and mind through their synchronized working to seek in designing your destiny.

On behalf of **Microbiology Department** and **Heartfulness Institute**, we the members of Organizing Committee are looking forward for your active participation in this multidisciplinary **"National Conference on Designing Your Destiny (NCDYD) – 2019"** and experience a warm hospitality of our University.

## OBJECTIVES

- 1.To synchronize your heart and mind;
- 2.To develop positive mind-set and attitude;
- 3.To help in designing your destiny;
- 4.To lead a successful & happy life.

About 10-12 question were asked by the audience and each member of the panel gave satisfactory and informative answers.

There was a question asked when there are so many paths available, why there is lack of co-ordination between all spiritual paths. One of the panel members agreed that there must be co-ordination with all.

During course of discussion one of the delegates asked the importance of "Transmission" during meditation. The answer for this question was given as follows: "Transmission" is like a food to the soul. When a you are first time exposed to transmission , it is like a tree which gets the first fall of water after years of draught. The soul feels freshened with the soft touch. Even the importance of technique of cleaning which complements meditation was discussed. This cleaning technique improves the quality of meditation and reduces number of thoughts and helps in concentration. Later, the Panel members also emphasized on the importance of regular meditation to increase individual skills.

It was really an interrogative session with enthusiastic participation from the delegates.

## "Heartfulness"

A guest lecture was arranged on 25/9/18 by the Dept of Microbiology on "Role of heart in fostering caring behavior". The speaker was Dr. Gorakh Parulekar. MBBS, MD, DNB (Pathology) . Heartfulness practitioner. He spoke on the important aspect of the human need of "Spirituality".

Spirituality is just human. It has no caste, creed, race or religion. It's a Light present in every living human being that has to be awakened in the heart. A heart is a centre of love, compassion and caring. The second MBBS students and the faculties were enlightened by his speech. As budding doctors, the students must be aware of the spiritual need of their patients for them to have a holistic healthy life. Apart from studying the various etiological causes of diseases and its treatment, the impact of heart & mind on the body should also be known. Therefore this lecture was very useful for them, as they were introduced to a kind of meditation that helps to keep cool in any situation and be of help to their patients in need.

**Topic – Celebration of “ World Food Day” 16<sup>th</sup> October 2018 .**

The world food day is celebrated every year around the world on 16<sup>th</sup> October in honour of the date of the founding of the Food and Agriculture Organisation of the United Nations in 1945.. World Food Day is a day of action dedicated to tackling global hunger. Held annually on 16th October, people from around the world come together to declare their commitment to eradicate worldwide hunger from our life time.Celebrating the creation of FAO, events are organized in over 150 countries across the world making it one of the most celebrated days of the UN calender These events promote world wide awareness and action for those suffer from

hunger and for the need to ensure food security and nutritious food for all. The focus of the day is food is basic and fundamental right for all

The department of physiology celebrated the “ **World Food Day**” on 16<sup>th</sup> **October 2018**. Poster presentation competition was organized for first MBBS Students. between 12.00 noon to – 1.00pm in the Yoga lab of Physiology Department. 21 students participated in the poster presentation.

Dr Anjali Wagh HOD PSM and Dr Bipin Tiwale HOD Biochemistry were invited as judges for the poster evaluation . All the participants had made excellent posters on different topic allotted to them.

A very enthusiastic response was seen from the students This years theme for world Food day was “ ***Our actions are our future***”. First three winners were selected . Certificates were given to the winners and all other participants were given certificate of participation and appreciation. Later on in the lunch hour the posters were free for all the students to go through.

On 15<sup>th</sup> of October we uploaded the information and posters of the participants on ***FOOD and Agriculture website of United Nations*** . The results about it will be mailed to the students on 2<sup>nd</sup> Decemdr 2018.

All the arrangements for this programme was very well done under the guidance of Mr pandian tutor in Physiology and Dr Amruta Kumbhar assist Professor .

Thanks & regards,

(Dr. Mrs. P.R. Desai)

Professor & HOD of
