Subject: Report of Celebration of “6th International Yoga Day”

Respected Sir,

The Physiology department had organized online Celebration of “6th International Yoga Day ” on 21st June 2020 from 9.00 am – 10.00am. This year due to COVID -19 pandemic and lockdown all over the country the IYD was celebrated online. This year the theme set by the UN is “Yoga for Health –Yoga at Home”.

Program started with the welcome of the invited guest Dr Surekha Basarge ,Ophthalmologist and member of Art Living Foundation and Mr Padmanabh Deshpande ,member of Art Living foundation .After the welcome , Dr. Padmaja R. Desai,Professor and Head of the Physiology department gave a brief insight on the Theme , “Yoga for Health – Yoga at Home”, which highlighted the benefits and importance of yoga in bringing the harmony and peace for Humanity . In the year 2020 due to COVID -19 out break last six months have been very tough to all of us . The pandemic has shown to us the importance of immunity and healthy living. Yoga is something that brings these qualities together.

This brief talk was followed by session of Demonstration of “Yogasanas” by the invited Yoga trainer’s . Mr Padmanabh Deshpande first gave a brief introduction of yoga and meditation and then demonstrated the various types of yogasanas . The students were told to put their camera on and simultaneously demonstrate the asanas.

Next session was by Dr surekha Basarge madam , who first highlighted on the physiological basis of meditation and role of limbic system and hypothalamus . She explained the correlation between autonomic nervous system and yoga and meditation.

The event was attended by total 130 participants from 1st MBBS students, faculty members from Pre, para and clinical departments . All participant performed the

various asanas, breathing techniques and meditation as per the instructions given by the Yoga trainers. The program was concluded by Vote of thanks by Dr Amruta Kumbhar, Asst. Prof. Dept. Of Physiology.

After the event was over students were given MCQ test on the session by google forms.

Time: -02.00 PM to 05.00PM

Venue – Lecture Hall 401, Department of PHYSIOLOGY

Number of beneficiaries: - 146

Number of participants: - 22

Number of presentations: - 14

Topic: - Celebration of “World Food Day” 16th October 2019

Since 1945, every 16 October we celebrate World Food Day on FAO's birthday and because there's so much to talk about when it comes to food, FAO chooses a different topic each year.

Food is FAO's business, and every day it helps over 130 countries around the world to fight hunger and poverty, make sure that people eat nutritious food, and better manage their natural resources. FAO works mostly in rural areas, where nearly 80 percent of the world's poor and hungry people live. Because food is everyone's business (not just FAO's), over 150 countries across the world celebrate with us to raise awareness about hunger and about how important it is that everyone has enough safe and nutritious food to lead healthy and active lives.

Every creature and plant on our planet need food to live, grow and reproduce. It's also a basic human right. Every one of us should always be able to get the food we need to live healthy and active lives.

We choose the food we eat based on many different things: the time we have to cook or eat it, what's easiest to eat, what others eat, the occasion, our culture or religion, what we like or dislike, our habits, and our knowledge and cooking skills too. But two very important things help us to decide what we eat: how much it costs and how easy it is to find.

Being healthy is everyone's responsibility. Aside from getting enough exercise and drinking enough water, a very important part of being healthy is having a good diet. A healthy diet means eating enough nutritious, safe and varied food every day so that you can grow and live an active life (run, play, learn, grow and climb trees

World Food Day is a day of action dedicated to tackling global hunger. Held annually on 16th October, people from around the world come together to declare their commitment to eradicate worldwide hunger from our life time. These events promote worldwide awareness and action for those suffer from hunger and for the need to ensure food security and nutritious food for all. The focus of the day is food is basic and fundamental right for all.

The department of physiology have celebrated the **“World Food Day” on 16th October 2019**. E- Poster presentation competition was organized for first MBBS and B. P. Th Students in the Lecture hall No. 401, between 02.00 PM 05.00 PM. Total 21 students participated with their 13 e- posters and A poem, in all 14 presentations.

Under the theme of “Our actions are our future. Healthy Diets for a #Zerohunger world”.

E- posters presentation topics by the participants.

Sr No	Topic	Stream	Name of the participants
1	School nutrition	MBBS	Sachi A, Raman
2	Feeding minds, fighting hunger	B. P Th	Aditi Salunkhe, Snehal Balanna, Sakshi Kavitate
3	Food loss and Food waste	MBBS	Khushi Harne, Shreya Desai

12	Food mall- A potential Horizon	MBBS	Ranjeet Patel
13	Save food save life	MBBS	Chandranshu G Chavan
14	Poem on Reduce, Reuse, Recycle	MBBS	Paritosh Singh

Dr Mrs. Sunita Fadtare, Associate Professor, Pharmacology and Dr Mrs. Sunita Tiwale, Professor, Physiology were invited as judges for the e- poster evaluation. All the participants had made excellent posters on different topic allotted to them.

A very enthusiastic response was seen from the students. This year's theme for world Food day was "*Our actions are our future. Healthy Diets for a #Zerohunger world*". First three winners were selected. Certificates and the prizes were given to the winners and 2 consolation prizes were given, 1 for poster and 1 for a poem and all other participants were given certificate of participation and appreciation. Also, the winners from the audience were given prizes.

On 15th of October we uploaded the information and posters of the participants on *FOOD and Agriculture website of United Nations*. The students also participated in the poster making contest organized by FAO and have got the confirmation mail about their participation. The results will be declared by FAO by 15th December 2019.

All the arrangements for this program was very well done under the guidance of Dr Mrs. Padmaja R Desai, Prof and HOD, Physiology. Dr Rupesh P Dahilkar, Associate Professor, Physiology, worked as a coordinator and the organizer. Dr Praful Turerao and Dr Anand More have arranged everything required for the presentation.
