by
**D Y Patil Education Society (Deemed to be University),
Kolhapur**

SDG 2030 GOAL: 3 – Good Health and Wellbeing

Metric – 3.3.6 - Smoke-free policy

1. Smoking-free Campus

D. Y. Patil Education Society (Deemed to be University), Kolhapur is committed to creating a **smoke-free campus environment** to protect the health and well-being of all stakeholders.

The Tobacco Cessation Centre provides the structured, formal and qualified place to reduce tobacco addiction, provide counselling support and medication advise. The support of the in-house Psychologist is immeasurable in this effort. Various activities are conducted, apart from the counselling services, to create and enhance the awareness regarding the challenges due to chronic tobacco usage. Posters, Signage in strategic locations serve as reminders.

Activities conducted in the community stand testimony to our commitment to community well-being. The University's anti-tobacco initiatives extend beyond campus awareness to community engagement. The activity involved **655 beneficiaries**.

The evidence for above documentations are as follows :

Sr. No.	Document Title	Page No.
1	No Tobacco Policy	2 to 3
2	Activities conducted for Tobacco-Smoke free	4 to 13
3	Tobacco Cessation Center- Annual report	14 to 17
4	Pics for Smoking free campus	18 to 22

Smoke-Free Campus and Tobacco Cessation Policy

1. Purpose

This policy aims to create a smoke-free and tobacco-free campus, to ensure a healthy environment for all stakeholders. It aligns with the applicable Government of India regulations and the objectives of the National Medical Commission (NMC) Tobacco Cessation Centre initiative.

2. Aim

To create a healthy, safe and tobacco-free educational and healthcare environment by preventing tobacco use, promoting awareness, supporting tobacco cessation and encouraging healthy lifestyles across the University.

3. Objectives

1. To prohibit smoking and the use of tobacco and tobacco products within campus.
2. To create awareness regarding the ill-effects associated with tobacco use amongst staff, students and visiting stakeholders.
3. To facilitate through the Tobacco Cessation Centre relevant healthcare services.
4. To ensure appropriate signage, monitoring and implementation of the smoke-free campus provisions.

4. Policy Statement

D. Y. Patil Education Society Deemed to be University, Kolhapur shall strive to achieve a **strictly smoke-free and tobacco-free campus**. No sale, distribution, promotion or use of cigarette, vaping, tobacco, and tobacco products shall be permitted within the University premises. Tobacco advertisements, and promotional materials shall not be permitted on campus.

The University shall provide or facilitate **counselling, behavioural support and appropriate management for tobacco cessation** through the Tobacco Cessation Centre and

healthcare services. The policy shall apply to all internal and external stakeholders entering the campus.

5. Potential Activities

- Tobacco-free campus awareness campaigns.
- World No Tobacco Day celebrations
- Posters, banners and digital awareness messages at strategic locations.
- Tobacco-use screening and cessation counselling.
- Health talks, lectures, competitions, rallies and street plays.
- Periodic campus inspections and compliance monitoring.
- Efficient and active functioning of the Tobacco Cessation center

6. Partnerships

- **Administration:** Ensure policy implementation, signage, monitoring, reporting, cessation services and necessary institutional support.
- **Faculty and Staff:** Act as role models, discourage tobacco use, support awareness activities, and facilitate referral of tobacco users for counselling.
- **Students:** Maintain a tobacco-free environment, participate in awareness and prevention activities, discourage peer tobacco use

Expected Outcome: A sustained **smoke-free, tobacco-free and health-promoting campus** with increased awareness, reduced tobacco use and improved access to tobacco cessation support.

TOBACCO CESSATION CENTRE

1. Introduction

The Tobacco Cessation Centre (TCC) provides counselling and support to people who want to stop using tobacco. The centre helps tobacco users understand the harmful effects of tobacco and encourages them to quit. During the academic year 2024–25, the Tobacco Cessation Centre carried out counselling and follow-up activities for tobacco users. Patient information and counselling details were recorded in the TCC counselling register.

2. Objectives

The main objectives of the Tobacco Cessation Centre are:

- To create awareness about the harmful effects of tobacco.
- To encourage tobacco users to quit tobacco.
- To provide counselling to tobacco users.
- To assess the tobacco-use status of patients.
- To provide regular follow-up and support.
- To maintain records of counselling and patient progress.

3. Activities during AY 2024–25

During the year, the centre conducted the following activities:

1. Registration of tobacco users.
2. Individual counselling.
3. Assessment of patients using the prescribed score form.
4. Advice and motivation to quit tobacco.
5. Follow-up counselling.
6. Recording of patient information and counselling details.
7. Monitoring of patient progress.

4. Score Assessment

A score assessment was carried out for patients using the score form maintained by the Centre.

For the available score records for AY 2024–25:

Number of score records: 25

Overall average score: 7.12

The score records were used to support patient assessment and counselling.

5. Record Keeping

The following records were maintained by the Tobacco Cessation Centre:

- TCC Counselling Register
- Patient Score Forms
- Monthly Reports
- Counselling and follow-up records

6. Graphical Presentation of Score Report

Figure 1. Monthly average patient score recorded in the supplied score workbook for the AY 2024–25 period.

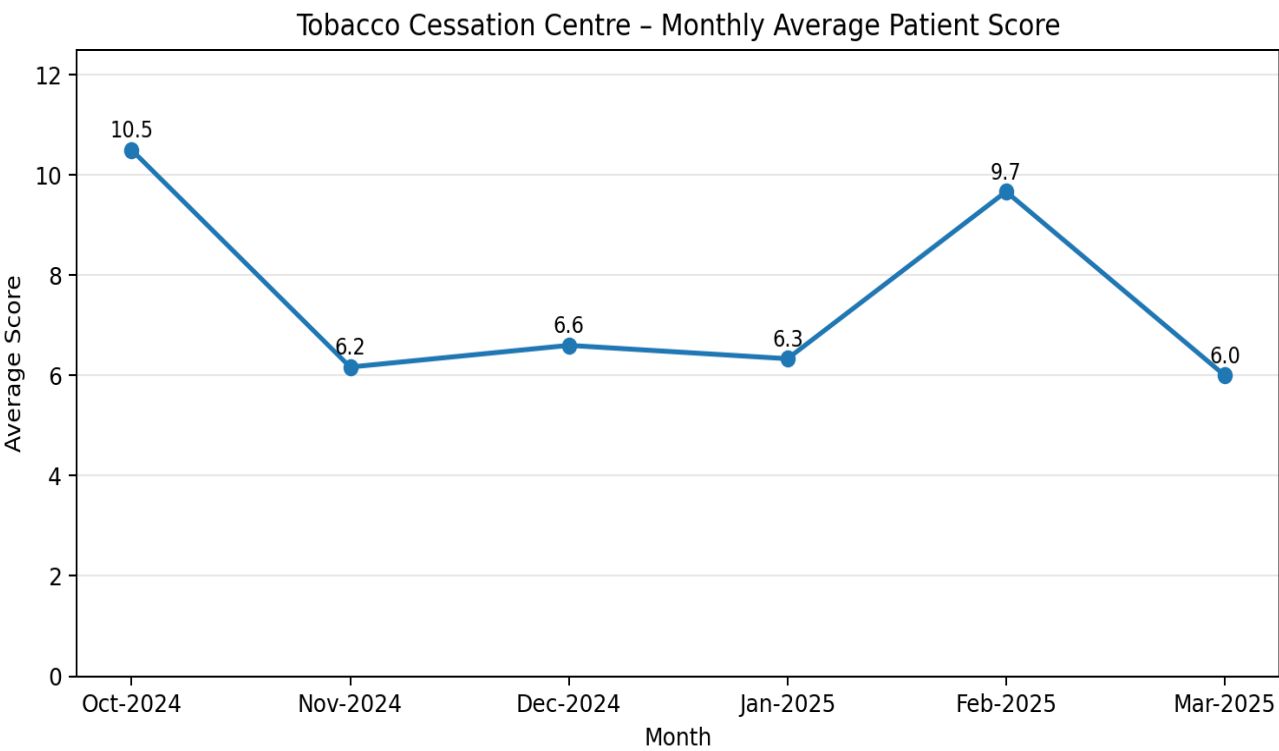

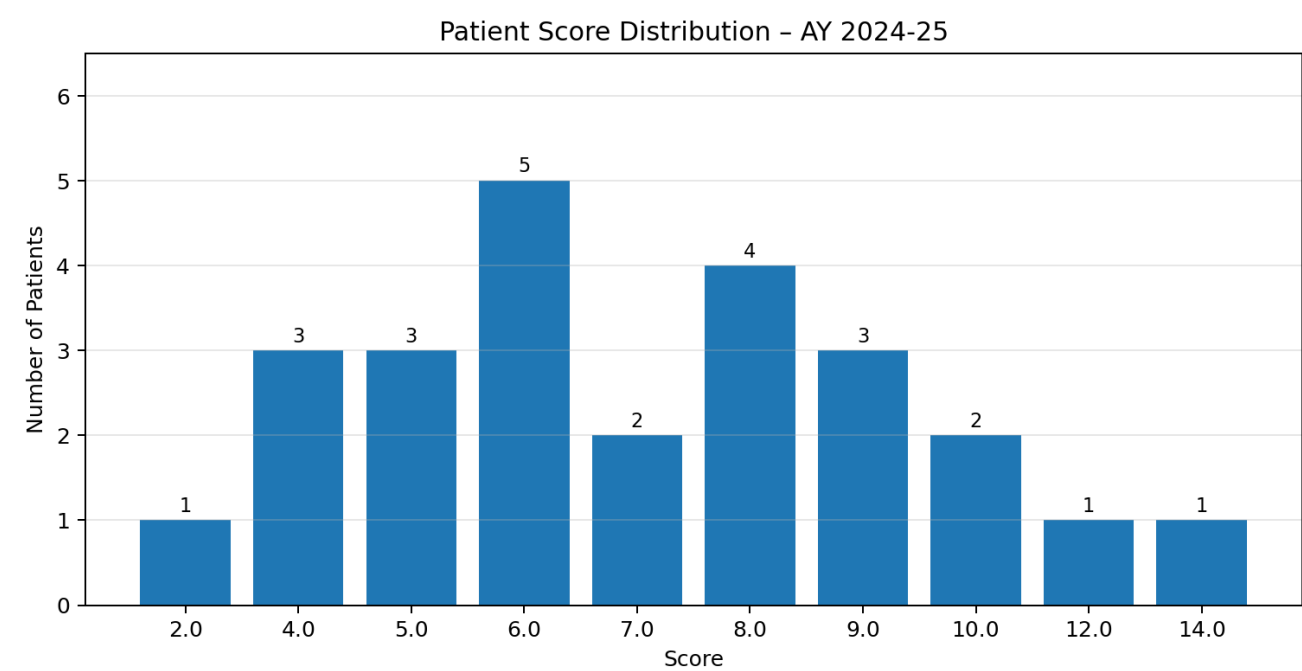

Figure 2. Distribution of recorded patient scores during the AY 2024–25 period.

7. Score Distribution

Score	No. of patients
2	1
4	3
5	3
6	5
7	2
8	4
9	3
10	2
12	1
14	1

8. Tobacco Cessation Centre Reporting Activities

The monthly reporting format supplied with the Centre records the following activity/outcome domains: patients reporting or referred from departments; distribution of smokers, smokeless tobacco and dual users; demographic distribution; completion of cessation follow-ups; patients who quit; patients who were not able to quit; patients prescribed NRT; patients prescribed medications; health

education/community awareness sessions; capacity-building/training sessions; and patients with pre-existing medical conditions.

The supplied monthly report forms were reviewed as supporting documentation. Because several fields in the PDF are image-based and not machine-readable, this annual report does not infer or reconstruct figures that could not be reliably verified from the source documents.

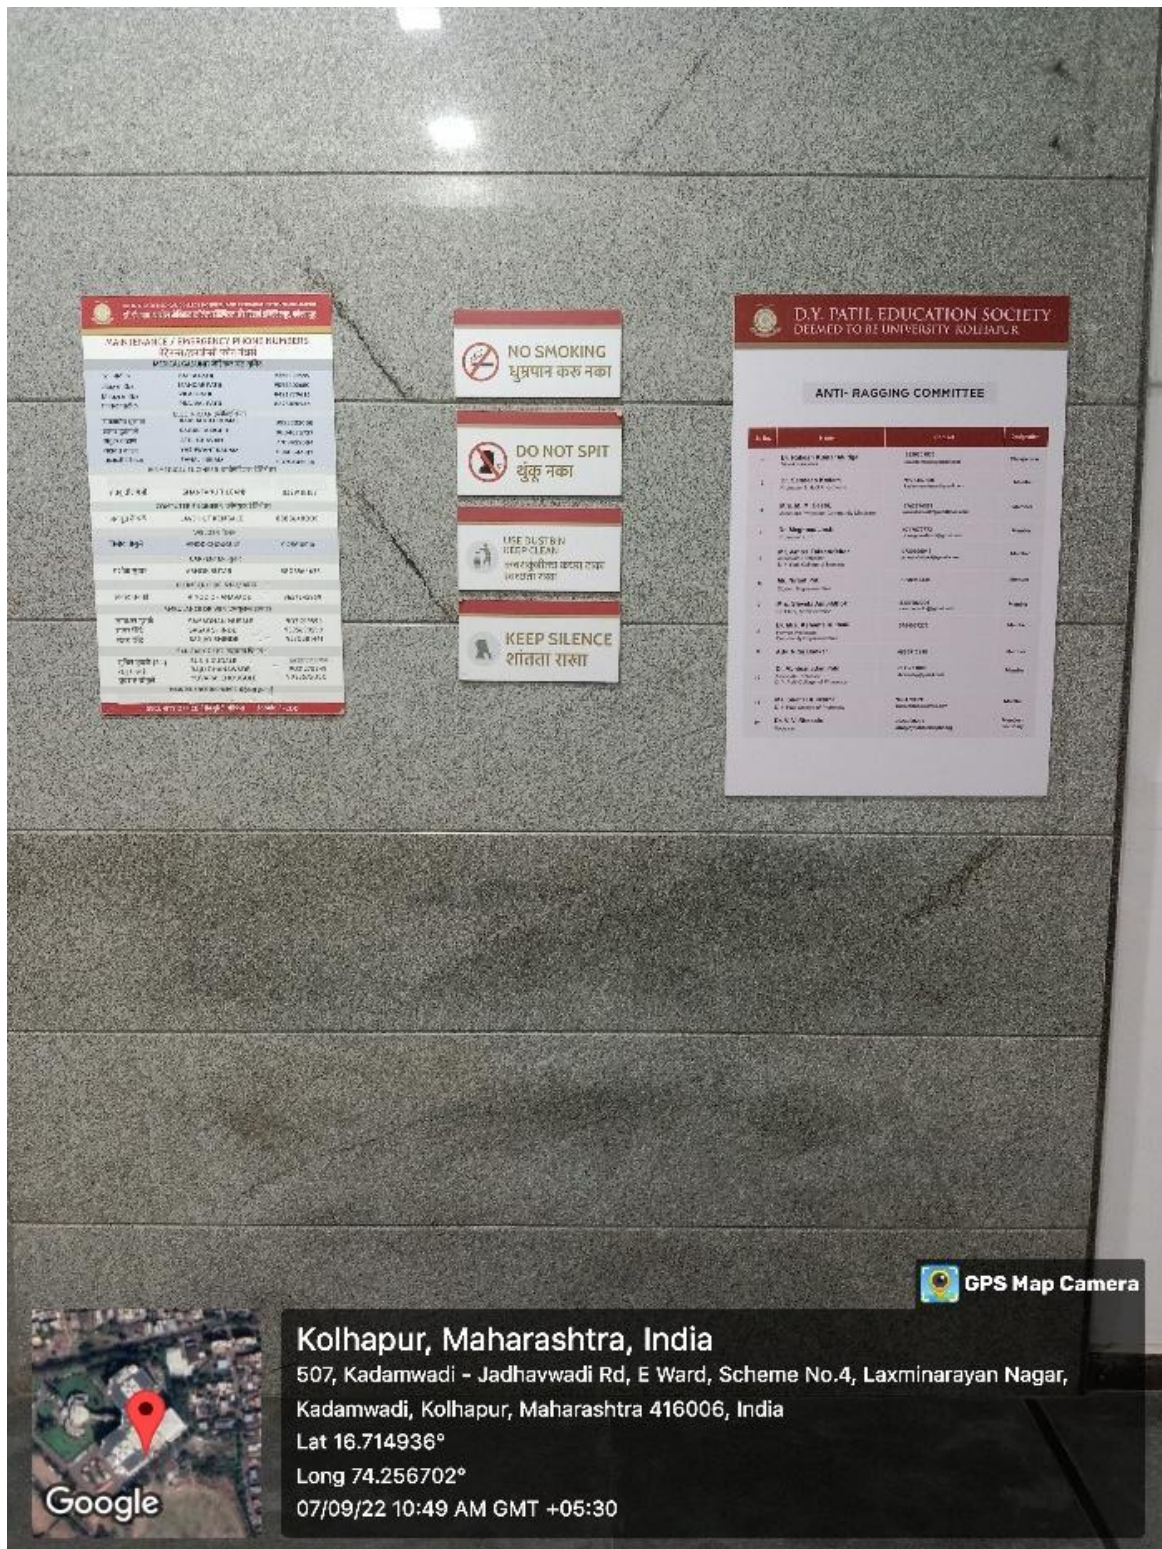

9. Conclusion

The Tobacco Cessation Centre continued its efforts to help tobacco users quit tobacco during AY 2024–25. Regular counselling, assessment and follow-up were carried out.

The Centre will continue to provide counselling, awareness and support to tobacco users and encourage them to lead a healthier and tobacco-free life.
